

MAKE YOUR MONEY WORK

When you get money for your labor, no matter what your work is, put a part of your earnings in the bank. Leave it there and keep adding to it.

The more money you have the more power you have to invest or increase your business and employ others to work for you.

Many of the big business men of today owe their success to having started the banking habit early in life and having the means to grasp a good business opportunity when it was offered.

BANK OF MARLINTON
Marlinton, West Virginia

THE BIG MEETING

Dr. Theodore Copeland, of Dallas, Texas, commenced a three weeks' evangelistic campaign in Marlinton last Sunday morning in the big tent near the high school. Large crowds are attending and the interest grows. Dr. Copeland is a minister of the Southern Methodist church, and has held pastorates in some of the larger cities of the South, including Birmingham, New Orleans and St. Louis serving some of the larger churches of his denomination. While the work of the resident minister appeals to him he felt that his duty was on the firing line of christian endeavor, and for a number of years he has devoted his time and strength to the work of an evangelist. He is happily fitted for this duty. His ability as a pulpit orator, his kindly disposition, his magnetic personality and his passion for soul winning brings a ready response from people whenever met.

Dr. Copeland is in demand in the larger cities as well as in the towns. This fall he will hold a meeting in Washington, and before he came to Marlinton he was at Clifton Forge and Ronceverte.

It is not the idle, curiosity seekers who are attracted by Dr. Copeland's preaching. It is the souls in earnest—the regular church goers—and those who know they ought to give heed to higher things who attend service after service, and make up the big congregations that are crowding the tent. He has a message for you and he is delivering it. Come and receive it.

D. H. Humphreys and family who have resided in Marlinton for many years, left on Tuesday morning in their automobile for Monroe county where they will reside on the farm they came from about seventeen years ago. Mr. Humphreys has been connected with many interests in the town during his residence here, the greater part of the time being connected with the Union Tanning Co. in charge of construction and repairs. His first work in Marlinton was in the construction of work of the Tannery and during the many years of service, he proved himself a valuable man, and useful in every department of work. As a citizen of the town, as a neighbor, and employee of the Union Tanning Co., he will be greatly missed, and the best wishes of the community go with him to his new home.

R. D. Silva, of Woodland, Washington, was a caller at this office Wednesday morning. This is his first visit to his native county in ten years. Although 84 years of age, Mr. Silva made the trip of over 4,000 miles in an automobile. It took over a month to come and all but one night was spent in the open. At Farmington, Washington, Mr. Silva met up with D. L. Barlow and his party as they were visiting the Pocahontas colony in that community. At the home of Peter Barlow there was a reunion at which there were 27 natives of Pocahontas present. Mr. Silva is accompanied by Mr. and Mrs. R. B. Silva and their children; George and Myrtle.

Chautauqua closed at Marlinton last Thursday night. As a whole the program was very satisfactory. The attendance was greater than ever. Chautauqua is assured for next season, the list of guarantors numbering more than fifty names. Next year's program will cost over two hundred dollars, a decided increase over the cost of the one this year.

W. Yeager, qualified as notary public. A lot of accounts audited and ordered paid. Condemnation proceedings ordered through lands of Snoden Tracy for public road near Boyer.

On Tuesday morning forty-six of the men summoned from Pocahontas for jury service in Mingo, answered to their names at Williamson. Fifty had been summoned, but one, Harry Acord, had died, and another, E. F. Curry had moved from the County. A jury was probably struck on Wednesday.

A number of cases of scarlet fever have been reported in the West Union neighborhood. Three of the family of William VanRenaan at Onoto have the disease.

Ernie Jackson caught a big bear on Williams River last week. He set his trap somewhat near the falls on Williams River, and the second night the bear was caught.

The twelve men selected to try the Williamson case are the following jury selected Thursday morning:

Uriah Kramer, Emory Adkison, Clark Young, Sterling McElwee, Frank Rooh, C. P. McNeil, Fred Wade, Gilbert Wade, Sandy Au-dridge, A. W. Lightner, Frank Moore, Cecil Sheets.

Secretary of Commerce Hoover at Washington said that controversial questions, such as the closed shop, wages, and hours of labor, would be barred at the conference on unemployment to be called by President Harding.

Obituary

John Theodore Rogers, youngest son of Mr. and Mrs. N. C. Rodgers of Buckeye, was born Sept. 4, 1906 and died in the Marlinton Hospital July 25, 1921, aged 16 years 10 months and 21 days.

A few weeks prior to his death he got one of his hands severely cut and went to the hospital for treatment and for a time got along nicely, but soon other troubles developed and on the morning of July 25th he succumbed to a complication of diseases.

A few hours before his death he told his mother and others who were at his bedside that he was prepared and ready to go and asked his mother to meet him in heaven.

Funeral services were held at the home of his parents on July 26th, with Rev. C. A. Powers of the Methodist Episcopal church in charge, and his remains were laid to rest in the McNeill cemetery. The deceased is survived by his father, mother, three brothers and two sisters, who with many relatives and friends lament his departure.

But when the sun in all his state illumined the eastern sky, He passed through glory's morning gate, And walked in Paradise.

A friend.

The flying machines were flying back to Washington from the war zone the last days of the past week. The electrical storms of Friday and Saturday caused them to seek safety on the ground by the dozen. A big bomber, carrying a crew of three men, with a spread of ninety feet, spent Saturday night in the Levels, near the colored church on the Seebert road. The report is persistent that another rooted on the Gay Knob on Elk Friday night. A big ship was wrecked Saturday and fell in the Black Forest, near Poe, Nicholas County. Of the five men it carried, four were killed and the fifth perhaps mortally injured. They were not found until Monday, forty-four hours after the catastrophe. They were caught in a severe electrical storm. Other ships of that squadron landed at Seebert, Williamsburg, White Sulphur, Beckley, Pt. Pleasant and Fairmont.
